

Sulgrave Village Allotments

Maybe you already considered that?

- Keeping an allotment is fun!
- Growing your own fruit and vegetables is rewarding!
- Keeping an allotment helps you keep fit!
- Keeping an allotment is sociable.

So perhaps you, or someone you know, would like to keep an allotment and would like to help the Parish Council address the following issues?

- The allocation of plots. (A Measured Survey is expected soon)
- The number and size of plots available.
- Allotment fees.
- Consultation on the need for improved boundary fences and their design.
- Drainage of the site.
- The provision of water to the site.
- Measures to address potential overgrowing vegetation while preserving the attractive character of established trees and hedges.
- Nature Conservation/pest control?
- The need for a focus group to coordinate resources.

If you can help, or have comments to make, please contact:
